

Academic Learning Center University of Northern Iowa Supplemental Instruction (SI) Fall 2017 Schedule

What is Supplemental Instruction (SI)?

SI is an academic assistance program that provides students enrolled in historically difficult courses regularly scheduled, out-of-class, peer-facilitated academic support.

What can I gain from enrolling in an SI course?

On average, students enrolled in historically difficult courses and who consistently attend SI sessions earn **one letter grade higher** than students who do not attend SI. This has been a consistent trend since SI began at UNI in 2012.
